Numeric Keypad

Alpha-Numeric Keypad

Insert the Battery

1. Insert the battery, bottom first, into the battery compartment.
2. Press down on the battery until the battery latch snaps into place.
3. Replace the handstrap.

Blue Key
Use this key to access function keys shown on the keypad in blue.
> Press the Blue key once to activate this state, followed by another key.

Orange Key
Use this key to access the secondary layer of characters.
> Press the Orange key once to lock the keypad into Alpha state.
> Press the Orange key a second time to return to the normal state.

Blue Key
Use this key to access function keys shown on the keypad in blue.
> Press the Blue key once to activate this state temporarily, followed by another key.
> Press the Blue key twice to lock this state.
> Press the Blue key a third time to unlock.

Orange Key
Use this key to access the secondary layer of characters and actions.
> Press the Orange key once to activate this state temporarily, followed by another key.
> Press the Orange key twice to lock this state.
> Press the Orange key a third time to unlock.

Charge the MC55

Use the Single-slot cradles (USB or Ethernet/Modem/USB), Four-slot cradles (Charge Only or Ethernet) or cables to charge the battery in the MC55.

You can also charge a spare battery using the Single-slot cradle.
Charging/Battery Status LED
  Slow Blinking Amber = Charging
  Solid Amber = Fully charged
  Fast Blinking Amber = Charging error
Charge the Battery

Use the Four-slot Battery Charger to charge batteries separately.

Note: The 3600 mAh battery charges in less than six hours.

Install Synchronization Software

Download ActiveSync® or Windows Mobile Device Center from http://www.microsoft.com and follow the instructions to install the software onto the host computer.

Communicate with Host

Create a Partnership

Follow the on-screen instructions to establish a connection between the MC55 and the host computer.

ACCESSORIES

Screen Protector

Zebra recommends the continued use of a screen
protector to minimize wear and tear. Screen
protectors enhance the usability and durability of
touch screen displays. Benefits include:
• Protection from scratches and gouges
• Durable writing and touch surface with tactile feel
• Abrasion and chemical resistance
• Glare reduction
• Keeping the device's screen looking like new
• Quick and easy installation.

Not using a screen protector can affect your warranty coverage. An initial
screen protector is already applied to your MC55X. Contact your local account
manager or Zebra for more information and purchasing details. Part number:
KT-67525-01R Screen Protector 3/pk.

MicroSD Card Installation
1. Remove battery.
2. Lift rubber access door.
3. Slide SIM card holder up to unlock.
4. Lift SIM card holder.
5. Carefully lift microSD card holder.
6. Insert microSD card into card holder.
NOTE :
Proper position of the microSD card — the card
connector (i.e., gold contacts) should be facing out as
shown.

7. Close the microSD card holder.
8. Close the SIM card holder.
9. Slide the SIM card holder down to lock into place.
10. Close rubber access door.
11. Replace battery.

DATA CAPTURE OPTIONS

Imaging

Camera Decode

1. Launch a bar code reading application on the MC55X.
2. Position the MC55X toward the bar code.
3. Press the **Scan** button.
4. In the image window align the red target over the bar code. When the MC55X decodes the bar code the Scan/Decode LED light green and a beep sounds.
5. Release the **Scan** button.

Camera Photo

1. Tap **Start > Pictures & Videos > Camera**.
2. Point the MC55X at an object.
3. Press the **Enter** button.
4. Hold MC55X still until "Shutter Sound" is heard.
